

3 July 1962

MEMORANDUM FOR THE RECORD

1. Mr. Traynor, AEC, called the undersigned this date referring to Memorandum to the Secretary of Defense and the Chairman, AEC, from Mr. McGeorge Bundy, dated 26 June, re preparation of a comparative analysis of two A. E. programs. *(copy attached) (Terms by U.S. 117785) 2nd copy only.)*

2. Mr. Traynor stated that this dealt with comparison of stockpiling and production rates and he wanted to suggest that this comparison be handled in an addendum to the overall paper because of the extreme sensitivity of AEC's data. Mr. Traynor stated that they (AEC) actually already had this information together as they had been asked last week by their Chairman to prepare it. However, they feel strongly that this portion dealing with stockpiling and production rates ("on our side of the fence") should not be disseminated to the whole Community. He emphasized the fact that this was held very closely and that only a few people in AEC had access to this information.

3. I told Mr. Traynor that I would take this up with the Director but that I felt we would agree to limited dissemination of this portion of the paper, handling it as he suggested in addendum form.

Marshall S. Carter
Lieutenant General, USA
